

# **2009-2010 M-A PLANNER and DIRECTORY INFORMATION**

## **Planner Information**

Each fall the M-A PTA funds the publishing of the school year planner. It costs about \$6 to provide this organizational tool to each student. If you could donate to help offset the costs, see below.

## **Directory Information**

Each fall the M-A PTA publishes and gives one school Directory to each registered student.

The Directory will include a one-page calendar, a campus map, and contact information for staff, students, and PTA and Foundation board members. The Directory is a valuable source of information for both M-A students and parents.

Unless you return this form, the information listed in the Directory will be taken from school files.

### **I. NO LISTING FOR DIRECTORY – will need by September 15**

**Please skip this section** if you have no objections to having your phone number printed in the M-A Directory.
